

## Currumbin Wildlife Excursion

On Thursday 1 November the Kindergarten students travelled to Currumbin Wildlife Sanctuary. We had a great day exploring the park and learning about our amazing native animals and their habitats. We patted kangaroos, a python and a leaf insect that was so well camouflaged we didn't even know it was there at first. A highlight of the day was seeing the enormous salt water crocodile.

All the Kindergarten students had a wonderful time and were fantastic ambassadors for our school. A sincere thank you to Michelle (Christelle's mum), Rachael (Caitlyn's mum), Lara (Trinity's mum) and Brett (Lexi's dad) for coming along for the fun.

At Currumbin I liked playing follow the leader. We had to follow the leader to the kangaroos. I also liked learning about the leaf insect. It was very interesting. They can camouflage to hide from their prey.

Miss Mitchell wasn't impressed with a friendly climber while having a break.

When we patted the kangaroos we fed the kangaroos. I liked the birds, the crocodile and the dingo. I liked everything.
