### IDFA

The **Immune Deficiencies Foundation Australia** is a not-for-profit organisation and registered charity caring for people who have **Primary Immune Deficiencies** - genetic in origin- and **Secondary Immune Deficiencies** -caused by transplantation, disease (e.g. cancer) or treatment (e.g. chemotherapy).

An **Immune Deficiency** is also commonly referred to as an immune disease, immune disorder or immunodeficiency. It is defined by a loss of antibodies or failure of antibody function. **The decrease in antibodies causes the immune response to be deficient or absent**, resulting in increased susceptibility to infection.
